

VMOVEXA

INTELLIGENT MOBILITY.
LIMITLESS IMPACT.

AI-Powered. Connected. Safe.
Sustainable.

NEXT-GENERATION MOBILITY
INTELLIGENCE PLATFORM

THE FUTURE OF MOBILITY IS

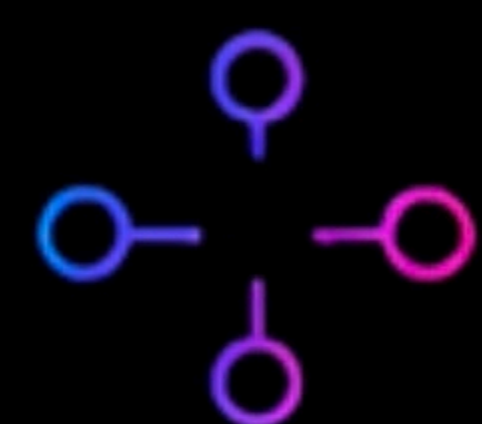

INTELLIGENT. CONNECTED.

Transforming every journey into
a smarter, safer and more
connected experience.

THE PROBLEM

TODAY'S MOBILITY ISN'T INTELLIGENT.

Fragmented Systems

Multiple devices.
No single control.

Wasted Surfaces

High potential.
Zero utilization.

Limited Communication

No real-time
location-based
engagement.

Safety Gaps

Emergency
information
not intelligent.

No Real-Time Analytics

Decisions without
data are guesswork.

Disconnected Operations

No unified platform.
No fleet intelligence.

Geographic Limitations

Content isn't
context-aware.

Passenger Disengagement

One-way messaging.
Zero interaction.

INTRODUCING

VMOVEXA

A Next-Generation Mobility
Intelligence Platform

AI-powered. Connected. Safe.
Sustainable.

OUR VISION

To power a world where
mobility communicates,
protects and creates
limitless opportunities.

OUR INNOVATION

Vehicle-integrated
Digital Display with
Emergency Exit Module.

Patent Protected

PCT / IN2026/051194

GEO-FENCED INTELLIGENCE.

Right content.
Right place.
Right audience.

-  Location-Based Targeting
-  Dynamic Content Delivery
-  Higher Engagement
-  Better ROI

VMOVEXA CORE INTELLIGENCE INSIDE.

VMOVEXA CORE is the intelligent software runtime installed inside every VMOVEXA-enabled vehicle. It is the on-board execution engine that connects the vehicle, displays, sensors, GPS, network, and hardware to the VMOVEXA ONE cloud platform.

REAL-TIME INTELLIGENCE

Processes data on-board for instant decisions.

SECURE & RELIABLE

Built for safety, security and uninterrupted operations.

CLOUD CONNECTED

Seamless sync with VMOVEXA ONE for insights and updates.

BUILT FOR MOBILITY

Optimized for performance, efficiency and scale.

CREATING JOBS. BUILDING FUTURES.

Empowering India with thousands of direct & indirect employment opportunities across technology, operations and services.
